**TO WHOM IT MAY CONCERN**

I have been requested to write a reference for Mr Richard Birchall and AFS Special Works Division.

I have known and worked with Richard for over 20 years and this was how I was introduced to AFS Special Works Division some ten years ago.

The work he and AFS Special Works Division have undertaken has always been delivered on time and to budget. Where necessary, Richard and AFS Special Works Division have worked with my team looking at alternative products on ways to carry out the construction to meet the financial aspirations of the project. The professionalism with which AFS Special Works Division undertakes its business is reflected in its workforce whom abide by our strict health and safety rules and see themselves as individual representatives of their company.

Final accounts are settled quickly, amicably and usually do not differ greatly from the tender. Any defects have always been attended to promptly and efficiently.

I have no hesitation in recommending Richard and AFS Special Works Division to you and would use them on my next project if at all possible.

Should you require any further information, please do not hesitate to contact me directly.

Signed: .....
